

ESS Users on IE 9 need to turn on the compatibility view on Lawson website in order for it to work.

To turn on Compatibility View

1. See if the **Compatibility View** button  appears in the Address bar. (If you don't see the button, there's no need to turn on Compatibility View.)
2. Tap or click the **Compatibility View** button  to display the site in Compatibility View.

Once you turn on Compatibility View, Internet Explorer will automatically show that site in Compatibility View each time you visit.
